Good afternoon [REDACTED]

Thank you for your message and for passing on my invitation to the Marlow Town Council.

We were disappointed that more councillors were not able to attend the meeting, although I understand it was quite short notice, and wondered if we could make an arrangement to come and present our slides to the Council at a time that is more convenient.

Would it be possible to arrange a time, perhaps an evening towards the end of April or beginning of May, where a small number of Save Marlow's Greenbelt representatives could come and explain to the Council why we are so concerned about the film studio and other local development proposals? As we understand that the Council has received similar presentations from individuals such as the directors of Dido Property Ltd, I would urge councillors to listen to

the locals who are feeling increasingly worried about the future development of the area.

Thank you very much for your assistance with this matter.

Kind regards,

Thanks [REDACTED]

The steering group have discussed this invitation and ask that you send the following response

Dear [REDACTED]

Thank you for your email of 11 April. It is not clear on whose behalf the invitation is issued, but I assume it to be the "Save our Greenbelt" group.

I have discussed this with the Steering group of the Town Council and they have decided that, in the absence of a full planning application, it would not be appropriate for councillors to receive a presentation at this time. You will be aware that this potential application is for land that is not within the Town Council boundary, although there may be implications for the residents of Marlow. When a full planning application is received, the Council will examine it and may consider holding a public meeting for Marlow residents following which the Council may comment on the application.
