Subject: Tourist and Private Sign Application Form - Lidl store, 14-20 Chapel Street, Marlow highway direction signing
Date: 15 September 2023 17:12:15
Attachments: [REDACTED]

Good afternoon

I refer to your application for highway direction signing to the above establishment dated 6 July 2023. Apologies for the delay in responding – the creation of the new Buckinghamshire Highways service and office relocations has caused some disruption.

I note from your application that you wish to display Lidl's logo / name within the requested sign. Unfortunately, this is not permitted on traffic signs placed on the public highway – the Department for Transport advises that it is not the function of such signs to serve as an advertisement and that such logos / commercial names must not be used.

For your information, we received a very similar request for a Waitrose store in Buckingham a couple of years ago. The situation / circumstances surrounding the request are almost identical to yours - the store did not have its own car park but patrons used the adjacent Pay & Display public car park that also served a nearby shopping centre. In this case, the applicant also originally asked to include / incorporate the store name and / or logo which had to be declined for the reasons given above. Please see below the signing that was subsequently agreed and installed at this location ...

PREVIOUS SIGN
Reading 'Cornwall's Meadow' (the road name)

NEW SIGN
Reading [REDACTED] & Meadow Shopping Centre'

I would suggest a similar approach / solution for your request. Therefore, the existing signs currently reading 'Liston Road' and include the car park 'P' symbol be replaced with new signs displaying the following ...

... 'Liston Court' could possibly be changed to 'Liston Court Shopping Centre' or 'Liston Court shops'.

I would welcome your thoughts / comments on this suggestion.

If it is an option you would like to pursue, I will then visit site to determine what is possible, develop proposals and associated costings and submit them for your consideration.

If, in the meantime, you have any immediate questions and or queries please let me know.

Apologies, once again, for the delay in responding.

Kind regards

Thank you for the email. I do agree with you about the meeting with LMPC. I don't see any benefit to either side.

However I do not agree with the proposal to amend and resubmit the statement on the planning portal.

I would go further and say that **I want no part in another joint submission**, for the following reasons :

The initial submission has been deemed irregular (at best) and just removing 'Marlow Town Council ' from the wording does not change that. As a body we have already incurred reputational damage and repeating the submission would risk making this worse.

Secondly, a re-submission would only serve to give another opportunity for Dido's PR campaign, in the same way as the initial submission did. Reference: attached press release.

In my opinion you should request that the submission be taken down and leave it at that.

Councillors have the option to submit individual statements of support, should they wish, as the portal is still open.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the

Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Hey [REDACTED]

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for

the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

[REDACTED]
[REDACTED]

On behalf of Little Marlow Parish Council

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern

(attached below).

“This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year”.

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hey [REDACTED]

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for

the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern

(attached below).

“This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year”.

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Thank you for the email. I do agree with you about the meeting with LMPC. I don't see any benefit to either side.

However I do not agree with the proposal to amend and resubmit the statement on the planning portal.

I would go further and say that **I want no part in another joint submission**, for the following reasons :

The initial submission has been deemed irregular (at best) and just removing 'Marlow Town Council' from the wording does not change that. As a body we have already incurred reputational damage and repeating the submission would risk making this worse.

Secondly, a re-submission would only serve to give another opportunity for Dido's PR campaign, in the same way as the initial submission did. Reference: attached press release.

In my opinion you should request that the submission be taken down and leave it at that.

Councillors have the option to submit individual statements of support, should they wish, as the portal is still open.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the

Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for

the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern

(attached below).

“This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year”.

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Thank you for the email. I do agree with you about the meeting with LMPC. I don't see any benefit to either side.

However I do not agree with the proposal to amend and resubmit the statement on the planning portal.

I would go further and say that **I want no part in another joint submission**, for the following reasons :

The initial submission has been deemed irregular (at best) and just removing 'Marlow Town Council ' from the wording does not change that. As a body we have already incurred reputational damage and repeating the submission would risk making this worse.

Secondly, a re-submission would only serve to give another opportunity for Dido's PR campaign, in the same way as the initial submission did. Reference: attached press release.

In my opinion you should request that the submission be taken down and leave it at that.

Councillors have the option to submit individual statements of support, should they wish, as the portal is still open.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the

Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern

(attached below).

“This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year”.

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Thank you for the email. I do agree with you about the meeting with LMPC. I don't see any benefit to either side.

However I do not agree with the proposal to amend and resubmit the statement on the planning portal.

I would go further and say that **I want no part in another joint submission**, for the following reasons :

The initial submission has been deemed irregular (at best) and just removing 'Marlow Town Council ' from the wording does not change that. As a body we have already incurred reputational damage and repeating the submission would risk making this worse.

Secondly, a re-submission would only serve to give another opportunity for Dido's PR campaign, in the same way as the initial submission did. Reference: attached press release.

In my opinion you should request that the submission be taken down and leave it at that.

Councillors have the option to submit individual statements of support, should they wish, as the portal is still open.

PLEASE NOTE THAT THESE EMAILS ARE ON THE MTC EMAIL SYSTEM. PERHAPS ANY FUTURE CORRESPONDENCE SHOULD BE ON PRIVATE EMAILS.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the

Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for

the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern

(attached below).

“This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year”.

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Richard

Thank you for the email. I do agree with you about the meeting with LMPC. I don't see any benefit to either side.

However I do not agree with the proposal to amend and resubmit the statement on the planning portal.

I would go further and say that **I want no part in another joint submission**, for the following reasons :

The initial submission has been deemed irregular (at best) and just removing 'Marlow Town Council' from the wording does not change that. As a body we have already incurred reputational damage and repeating the submission would risk making this worse.

Secondly, a re-submission would only serve to give another opportunity for Dido's PR campaign, in the same way as the initial submission did. Reference: attached press release.

In my opinion you should request that the submission be taken down and leave it at that.

Councillors have the option to submit individual statements of support, should they wish, as the portal is still open.

PLEASE NOTE THAT THESE EMAILS ARE ON THE MTC EMAIL SYSTEM. PERHAPS ANY FUTURE CORRESPONDENCE SHOULD BE ON PRIVATE EMAILS.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the

Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

Richard

Hey [REDACTED]

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for

the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Morning [REDACTED]

I am very excited to report that [REDACTED] have come back in as a sponsor this year and (by being a bit cheeky) have persuaded them to up their commitment to £1,500.00. Could you address the invoice to [REDACTED] their Head of Facilities please. I am hoping to hear from [REDACTED] today, but it could be Monday.

Thanks

Jocelyn

Dear Mrs Towns

I am asking if you will oppose this planning application

The site is huge, equal to a site for 840 good sized houses. I have worked it out.

The infrastructure can not support such a large development.

The roads in Marlow are currently gridlocked, more traffic is unthinkable

The sewage system can not cope with its existing users, more use, more spills into the Thames

We need our green spaces for physical and mental health. Please do not throw them away

Thanks for giving this further consideration

Yours

Hi Jocelyn,

Are they running another competition, or do they want more copies of the previous posters? I assume the latter if they want them for next week – eek!

[REDACTED] mentioned this to me last week but said they were looking to run another competition – just as a Wombles thing.

[REDACTED] would probably do them for free for the [REDACTED] not necessarily for me but I'm

happy to get them done if that would help.

Thanks,

Hi Jocelyn,

Are they running another competition, or do they want more copies of the previous posters? I assume the latter if they want them for next week – eek!

[REDACTED] mentioned this to me last week but said they were looking to run another competition – just as a Wombles thing.

[REDACTED] would probably do them for free for the wombles, not necessarily for me but I'm happy to get them done if that would help.

Thanks,

If [REDACTED] can't print them, though I am sure he will, [REDACTED] will organise to get them printed. So, you are covered either way. And as you have seen [REDACTED] will turn a blind eye to them going up around the town.

So, I think you are good to launch at the Green Village. I assume you will manage the actual competition with the kids, which is the bit that [REDACTED] did last year.

Let me know if there is anything else you need for this initiative.

Further to the presentation on Tuesday, I would support taking an MTC card at £200 (I believe this is renewable annually?). Suggest picture either the Causeway or Christmas lights switch on. Not sure we should get involved in buying packs for re-sale.

A celebration and definitive guide to everything that's great about life in Henley on Thames as well as a rather wonderful pack of playing cards. They include what's going on, places to visit and things to keep an eye out for that. Perfect for local residents, visitors and tourists.

www.acehenley.co.uk

She is in the process of producing Ace Marlow Playing cards which she hopes to launch in time for Christmas. She was interested if the Town Council would like to sponsor a card/s. Members present expressed interest and seemed keen that the Town Council should be a sponsor.

The aim of the pack is to promote Marlow, it's shops, restaurants, businesses, events, things to see and also hidden gems, Marlow's best kept secrets etc. Please can you forward any suggestions of what you might like to see in the pack. I'll compile a list and you'll have the opportunity to vote on your favourite suggestions at a later date.

Town Council will consider the project and debate how many cards could be sponsored and what they are to feature at the meeting on 3rd October.

If you need any more information please check out the link above.

A celebration and definitive guide to everything that's great about life in Henley on Thames as well as a rather wonderful pack of playing cards. They include what's going on, places to visit and things to keep an eye out for that. Perfect for local residents, visitors and tourists.

www.acehenley.co.uk

She is in the process of producing Ace Marlow Playing cards which she hopes to launch in time for Christmas. She was interested if the Town Council would like to sponsor a card/s. Members present expressed interest and seemed keen that the Town Council should be a sponsor.

The aim of the pack is to promote Marlow, it's shops, restaurants, businesses, events, things to see and also hidden gems, Marlow's best kept secrets etc. Please can you forward any suggestions of what you might like to see in the pack. I'll compile a list and you'll have the opportunity to vote on your favourite suggestions at a later date.

Town Council will consider the project and debate how many cards could be sponsored and what they are to feature at the meeting on 3rd October.

If you need any more information please check out the link above.

Many thanks

Further to the presentation on Tuesday, I would support taking an MTC card at £200 (I believe this is renewable annually?). Suggest picture either the Causeway or Christmas lights switch on. Not sure we should get involved in buying packs for re-sale.

A celebration and definitive guide to everything that's great about life in Henley on Thames as well as a rather wonderful pack of playing cards. They include what's going on, places to visit and things to keep an eye out for that. Perfect for local residents, visitors and tourists.

www.acehenley.co.uk

She is in the process of producing Ace Marlow Playing cards which she hopes to launch in time for Christmas. She was interested if the Town Council would like to sponsor a card/s. Members present expressed interest and seemed keen that the Town Council should be a sponsor.

The aim of the pack is to promote Marlow, it's shops, restaurants, businesses, evets, things to see and also hidden gems, Marlow's best kept secrets etc. Please can you forward any suggestions of what you might like to see in the pack. I'll compile a list and you'll have the opportunity to vote on your favourite suggestions at a later date.

Town Council will consider the project and debate how many cards could be sponsored and what they are to feature at the meeting on 3rd October.

If you need any more information please check out the link above.

Many thanks

Dear Neil,

I hope you're well and had a good summer.

I'm contacting you again about my concerns about the speeding of so many drivers in the town. I'm particularly concerned about speeding in Station Road Lock Road and Dedmere Road where drivers are whizzing along the road while weaving in and out of parked cars. I have been following the discussions in the Welsh parliament about reducing speeds to 20 mph in towns. Can this please be considered in Marlow?

I'm concerned that there are accidents waiting to happen.

Many thanks,

Dear Neil,

I'm writing to you because I am very concerned at the speed of vehicles around Marlow streets.

I live on Lock Road which is a residential street and the limit should be 30 mph. Sadly very often people drive way faster than that. I would like to suggest some things to help keep my road and others roads close by (Station Road, Dedmere Road to suggest two) safer.

Some signage might help as in other places - Bisham has a flashing sign pointing out a 30 mph limit for example.

Speed bumps or alternative ways of reducing speed in built up areas, eg priority systems like on the bridge.

What I would really like is a 20 speed restriction within the town. There are so many pedestrians in Marlow and drivers really do need to reduce their speed.

I hope you can help.

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team.

We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

[Redacted]

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team.

We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Hey [REDACTED]

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team.

We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team.

We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

PLEASE NOTE THAT THESE EMAILS ARE ON THE MTC EMAIL SYSTEM. PERHAPS ANY FUTURE CORRESPONDENCE SHOULD BE ON PRIVATE EMAILS.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team.

We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

Richard

Hey 

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private

meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

Richard

Hey 

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private

meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Hey 

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private

meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hi Richard,

Thank you for the below. I think this needs to be discussed fully with all members before anything is re-submitted. Your original note on the portal was hurriedly submitted, as we were told the portal was closing, though it is still open for comment, hence being able to re-submit.

I didn't understand the rush for submission on 6th September. I said I didn't see the need, as we agreed we would only comment once ALL consultees' comments were logged. There are many more being submitted.

I personally don't want another communication on the portal as part of a group. If the majority want a group message to be re-submitted, please ensure you leave me out of it, as I asked originally, as I was not at the group meeting.

Enough damage has been done to MTC and enough written about us that will be remembered. A new dumbed down version won't change that but will bring up all the same feedback.

Thanks

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

Hey 

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private

meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Subject: [EXTERNAL] Residents' parking permits

[REDACTED]

For several months now, Neil (as a BC councillor) and I (as a Marlow Town councillor) have been meeting with a number of local residents to discuss the introduction of residents' parking permits on certain street within Marlow town centre. The residents are requesting a change to parking to incorporate bays available to residents at all times, but with limited time parking to other users. The town centre streets that are being suggested are mainly house Victorian properties with limited or no off street parking.

Some years ago, possibly around 12, Buckinghamshire Council employed Halcrow to carry out a parking review for Marlow. As I recall, their recommendations were to set a controlled area for parking which affected the whole town up to, in some cases, up to half a mile from the town centre as a way of addressing displacement parking. If I recall correctly, the Town Council and the Marlow Society rejected the proposals on the basis that they might affect the vibrancy of the Town. One of the arguments now being put forward by residents is that the world has now changed, particularly following Covid, and there are now more people working from home, which has increased local space demand.

The Town Council is still not in favour of the introduction of further residents only parking restrictions to protect the vibrancy of the Town and Neil and I do not accept the residents' argument that you can introduce such parking in only a few streets (up to 8 currently suggested).

It would be helpful to understand BC's current view on residents' only parking and what the procedures and costs would to consider it. Could you please let us know the name of one of your officers with whom we could discuss this with a view to reporting back to residents.

Many thanks

Richard

Good Morning Jocelyn

An extensive range of training is offered as well as a detailed manual when new Councillors start in their role. However, there is no statutory requirement to attend any training. You may recall that I did address this with Chris F earlier this year and we have booked the County Advisor Mel Woolf to come in and run remit and philosophy training ahead of Resources on November 7th. Course synopsis is below

Local Councils are unique beasts. We are made up of individuals with few common experiences or skills, bound only by the desire to improve our communities and operating within a restrictive environment. The need to operate as a corporate body is disrupted from time to time through elections and co-options and difference experiences and expectations can become polarised with the Council.

Remit and Philosophy for Town and Parish Councils aims to bring everyone in Council to the common understanding of where we sit as a Local Government Authority within the tiered system in England, providing clear guidelines as to our official Remit and the confirmation of the Beliefs and Values that enable us as a Council to deliver effectively for the benefit of our communities.

This course will take 90 minutes and will be delivered in your premises.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

[REDACTED]

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Hey [REDACTED]

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Subject: Little Marlow Parish Council Enquiry

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to

discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

[REDACTED]
[REDACTED]

On behalf of Little Marlow Parish Council

[REDACTED]

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

Subject: Development of Liston Court

Dear Sir or Madam

Liston Court development

I am writing to express my great concern about the current, unnecessary, over development of Liston Court. This concern is based on a number of issues:

The first is that there was, as far as I am aware, no consultation with the people of Marlow, as to whether they wanted this development to take place. I saw no planning notices or other notification, despite passing through the Court every day. The first I, or any other member of the public, knew about the development, was the erection of placards on the Friday before the Monday that work commenced. I witnessed many people looking at the notices and almost literally scratching their heads in disbelief. I would like to know, therefore, why this was sanctioned and carried out in such secrecy, and by whom.

Secondly, the images on the placards were highly misleading. It is only in the last few days that I have seen the scale of the new paving that is being laid. Almost the entire area, that was previously grass, to the left of the main pathway, i.e. around the yew trees, has now been paved. This is shown as still grassed in the images. Actually, I consider this degree of destruction, sheer vandalism. The grass is pleasant, cooling, reduces runoff, and allows birds, and other wildlife, sanction and feeding space. It represents green space, for people, and for animals. Most of this has now gone. It is being replaced by an urban desert.

Thirdly, the whole development is overblown. This is a crude attempt at populism. Whoever sanctioned this piece of work (see four below), clearly thinks this is what people want. That it will attract more people, and therefore more business. Perhaps it will but perhaps, in this case, it is not what is required or wanted. Liston Court is a quiet and relatively secluded area in the centre of the town, which people value for the very reason it is quiet and tranquil. I understand that more benches and fixed tables are to be installed. My view is that this will destroy the nature and purpose of this important piece of the town. The grass was perfectly adequate, and appropriate, for people who wished to sit for a short space of time, or picnic. Fixed benches and tables will entirely change the nature and use of the space. They will attract noise, vapors, late-night drinking and litter. This is not Higginson Park. It serves an entirely different purpose.

Fourthly, I want to raise questions about how this whole development was sanctioned, including the finances behind it. As far as I am aware, the land belongs to Bucks County Council, but the work is clearly being financed by other sources, presumably Sorbonne Estates. This seems a strange arrangement to me. I wonder who initiated the work, and why. Clearly someone thinks they are going to benefit or profit from the development. I do not think that will be the people of Marlow.

In summary, this is work that has been foisted on us by stealth, by people who clearly see an opportunity to profit in some way. While the area arguably needed some renovation, particularly the brickwork of the paths, this is a massive piece of over-development which will, and has

already, destroyed the nature and purpose of Liston Court. Whoever is responsible has used soft words like improved amenity, lighting and security, when they really mean creating more hard space, for more people, with an eye to creating a busy, commercialised centre that will change the nature of Liston Court as an important sanctuary for wildlife and nature generally, and a quiet space for people to enjoy, rest or pass through.

I would value your views on these observations, and also like to know what the view of Marlow Town Council is/was in relation to this development, and to what extent you were involved in the process that brought it about.

Yours sincerely

#####.

Thanks for the info

I live between Oxford and Swindon – about 75 mins away. So I think I'll just have to say that I will aim to arrive in Marlow for 11, find parking and then make my way to the site

I don't have a huge amount to carry, so walking from the library shouldn't be too difficult

Hi [REDACTED]

Looking forward to meeting you tomorrow as well

The best place would be Court Garden parking lot however I can't guarantee there will be spaces left as a lot has been blocked off by the London plane tree that was set on fire. There is other parking nearby but it is only for one or two hours. The other parking lot would be near the library

but that will be a distance to walk if you have to carry many things for a distance and through a crowd. I have to warn you there are also a bunch of road works in Marlow and on the A404.

We will be meeting at Court Garden at 9am to set-up the gazebo for an 11 am start. I'm not sure how far away you live or what your plans are but if you wanted you could come early for parking and set-up and then come back for 11 or 12 start?

Hi Colleen and Thanks [REDACTED]

All these activities would need is some space on the table.

Both the food waste and biodegradation activities are A4 cards that need to be spread out a little bit.

For the dice – all we need is a little space to roll two 5cm sized dice. These are something new I've had made – one has different materials on it eg plastic, metal, mixed materials and the other has waste receptacles on it eg food waste bin, recycling bin, HRC. Roll both and see if you can think of something made of the rolled material that should go in the rolled bin.

Hi [REDACTED]

The congestion in the Town Centre has eased as the roadworks in the centre have ceased, however Marlow at 11am on a sunny Saturday will be busy with traffic so do be prepared! I can't really offer any other advice on parking apart from you could try parking on the road further down Pound Lane towards Henley near Marlow Sports Club, its free and an easy level walk to the park.

Best wishes

Hi

Thanks for the info

I live between Oxford and Swindon – about 75 mins away. So I think I'll just have to say that I will aim to arrive in Marlow for 11, find parking and then make my way to the site

I don't have a huge amount to carry, so walking from the library shouldn't be too difficult

Thanks

Hi [REDACTED]

Looking forward to meeting you tomorrow as well

The best place would be Court Garden parking lot however I can't guarantee there will be spaces left as a lot has been blocked off by the London plane tree that was set on fire. There is other parking nearby but it is only for one or two hours. The other parking lot would be near the library but that will be a distance to walk if you have to carry many things for a distance and through a crowd. I have to warn you there are also a bunch of road works in Marlow and on the A404.

We will be meeting at Court Garden at 9am to set-up the gazebo for an 11am start. I'm not sure how far away you live or what your plans are but if you wanted you could come early for parking and set-up and then come back for 11 or 12 start?

[REDACTED] not sure if you have any other advice?

Hi Colleen and Thanks [REDACTED]

All these activities would need is some space on the table.

Both the food waste and biodegradation activities are A4 cards that need to be spread out a little bit.

For the dice – all we need is a little space to roll two 5cm sized dice. These are something new I've had made – one has different materials on it eg plastic, metal, mixed materials and the other has waste receptacles on it eg food waste bin, recycling bin, HRC. Roll both and see if you can think of something made of the rolled material that should go in the rolled bin.

Cheers

The best place would be Court Garden parking lot however I can't guarantee there will be spaces left as a lot has been blocked off by the London plane tree that was set on fire. There is other parking nearby but it is only for one or two hours. The other parking lot would be near the library but that will be a distance to walk if you have to carry many things for a distance and through a crowd. I have to warn you there are also a bunch of road works in Marlow and on the A404.

We will be meeting at Court Garden at 9am to set-up the gazebo for an 11am start. I'm not sure how far away you live or what your plans are but if you wanted you could come early for parking and set-up and then come back for 11 or 12 start?

[REDACTED] not sure if you have any other advice?

Hi Colleen and Thanks [REDACTED]

All these activities would need is some space on the table.

Both the food waste and biodegradation activities are A4 cards that need to be spread out a little bit.

For the dice – all we need is a little space to roll two 5cm sized dice. These are something new I've had made – one has different materials on it eg plastic, metal, mixed materials and the other has waste receptacles on it eg food waste bin, recycling bin, HRC. Roll both and see if you can think of something made of the rolled material that should go in the rolled bin.

Cheers

Good Morning Jocelyn

An extensive range of training is offered as well as a detailed manual when new Councillors start in their role. However, there is no statutory requirement to attend any training. You may recall that I did address this with Chris F earlier this year and we have booked the County Advisor [REDACTED] [REDACTED] to come in and run remit and philosophy training ahead of Resources on November 7th. Course synopsis is below

Local Councils are unique beasts. We are made up of individuals with few common experiences or skills, bound only by the desire to improve our communities and operating within a restrictive environment. The need to operate as a corporate body is disrupted from time to time through elections and co-options and difference experiences and expectations can become polarised with the Council.

Remit and Philosophy for Town and Parish Councils aims to bring everyone in Council to the common understanding of where we sit as a Local Government Authority within the tiered system in England, providing clear guidelines as to our official Remit and the confirmation of the Beliefs and Values that enable us as a Council to deliver effectively for the benefit of our communities.

This course will take 90 minutes and will be delivered in your premises.

Thanks

As [REDACTED] will confirm Chris, Coleen, and Dave, just don't get how we work as a council and they are all for changing it. They just don't understand the statutory responsibilities, is there any training you could give them or organise for them on this, as it would make working together easier.

Hi Chris

I have spoken with the [REDACTED] at Little Marlow and the request is so discuss the content of the comment on the planning application made by Councillors with Little Marlow Councillors at a private meeting. It is not to comment on how MTC operates, as you point out Little Marlow have reported MTC to the monitoring officer.

Subject: Little Marlow Parish Council Enquiry

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,

[REDACTED]

On behalf of Little Marlow Parish Council

[REDACTED]

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project should generate £750 million in inward investment and £338 million of local economic activity per year".

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

Yours faithfully,

[REDACTED]

I do understand your frustration.

This is progressing albeit slowly, the Buckinghamshire Council public consultation is complete, and the recommendation is to proceed with the installation of yellow lines, the decision to proceed with the officers recommendation now is with cabinet

Hi Colleen and Thanks [REDACTED]

All these activities would need is some space on the table.

Both the food waste and biodegradation activities are A4 cards that need to be spread out a little bit.

For the dice – all we need is a little space to roll two 5cm sized dice. These are something new I've had made – one has different materials on it eg plastic, metal, mixed materials and the other has waste receptacles on it eg food waste bin, recycling bin, HRC. Roll both and see if you can think of something made of the rolled material that should go in the rolled bin.

Cheers

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Dear Buckinghamshire Council,

Little Marlow Parish Council would like to draw to your attention a letter submitted by Councillor Richard Scott of Marlow Town Council, to Buckinghamshire Council's Planning Authority, regarding application 22/06443/FULEA Marlow Film Studios (attached).

Councillor Scott submitted the letter as a "Member of the Public" and he states that its contents and stance represents the conclusions of an informal private meeting of Marlow Town Council members.

However, we are concerned that the letter has been interpreted as representing a formal resolution by Marlow Town Council, particularly as it is signed as "Councillor Richard Scott".

An article in the Daily Mail newspaper about the Film Studio justifies this concern (attached below).

"This, in turn, is one of the main reasons why Marlow Town Council last week decided to come in behind the studio plans, adding that the project

should generate £750 million in inward investment and £338 million of local economic activity per year”.

Little Marlow Parish Council requests that you review this matter to determine if the actions taken by Councillor Richard Scott and his fellow members have breached the code of conduct and brought Marlow Town Council into disrepute.

PLEASE NOTE THAT THESE EMAILS ARE ON THE MTC EMAIL SYSTEM. PERHAPS ANY FUTURE CORRESPONDENCE SHOULD BE ON PRIVATE EMAILS.

I await comment from Chris F but I can see little point in meeting with LMPC and I am not sure we want to discuss a collective members (non Council) decision with their elected members, however informal. Both sides have made their position clear. LMPC are vehemently against the Studio application whereas we has chose to support it.

Also, it has been suggested that it would be inappropriate to meet if there is any conduct enquiry underway. I believe this is directed at me personally and having spoken to BC officers, I will resubmit our comments without any reference to MTC, just ourselves as a collective team. We were always going to receive flack for our decision from all quarters. It is a pity that others who support the application don't come out and support our decision.

Kind regards

Hey [REDACTED]

Thanks for passing this one.

I'm struck by this being a bit of a weird request.

I've been pondering how to respond to this and thought I'd reach out to you.

Could you get any more information on what they are offering to share at this meeting?

If it's just their view or their residents view I am unsure how relevant it is for us as Marlow Councillors.

If it's to comment on how we operate as a council we can ready their views in the email they copied below.

On a positive note I went to their open consultation evening many months ago for the public to air their views. I thought as a council (and whoever moderated that meeting) they did a really great job in very challenging circumstances.

Dear Marlow Town Council,

The planning comment submission by Cllr Scott was discussed at the Little Marlow Parish Council meeting on Tuesday night, under public participation. The agenda had already been published before Cllr Scott's comments came to light.

Little Marlow Parish Council have today submitted the enquiry below to Buckinghamshire Council.

Little Marlow Parish Council would like to invite representatives of Marlow Town Council to discuss the planning application in an open and transparent forum with members of Little Marlow Parish Council's planning committee. Would it be possible for the [REDACTED] of both councils to discuss and make arrangements?

Kind regards,
