Subject: Christmas lights sponsorship

Dear all

Just to let you know that there will be a press release next week in association with the Christmas lights switch on. The sponsors confirmed to date will feature in this release.

Please note that any sponsors coming on board from **Monday 25th Oct** will not feature in the release. If you are liaising with any potential sponsors, please can you make them aware of this to avoid any disappointment.

However, newly recruited sponsors would still feature on our website and in the Marlovian as the deadlines for these are different.

Thank you
Regards

Hi [REDACTED]

See below from the [REDACTED], they didn't support us last year as they had such a bad time in lockdown, but are back this year. I believe they paid £250.00 before but with VAT would be around the £300.00 mentioned.

I have said you will issue her with an invoice.

Thanks

Dear Jocelyn,

I hope you are well.

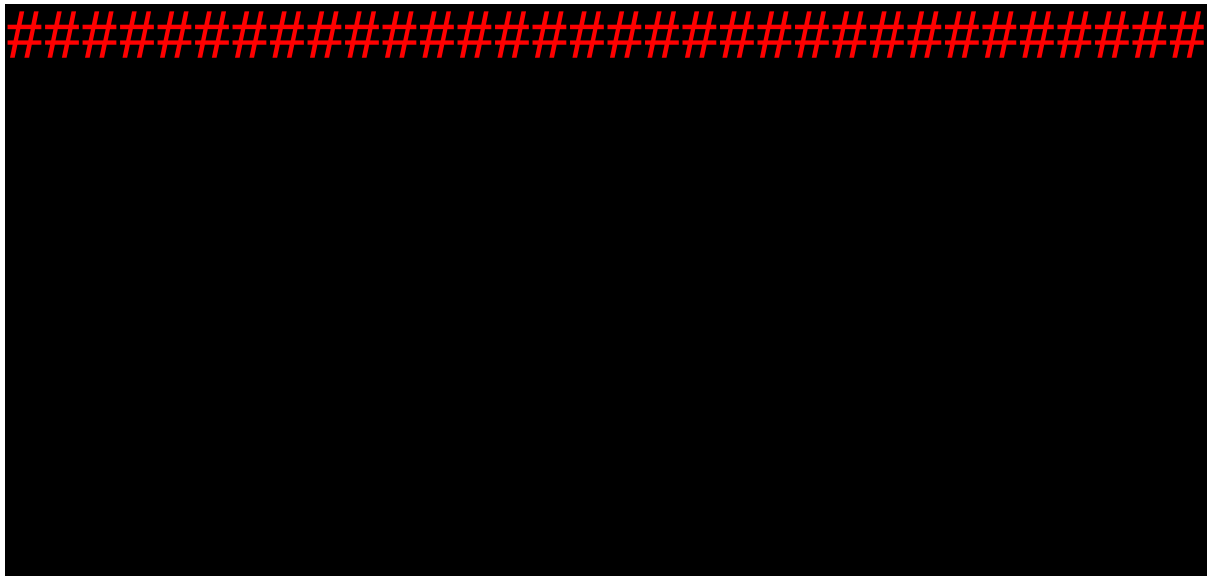

Thank you for your email to [REDACTED] regarding the Marlow Christmas lights, apologies for the delay in responding. I am delighted to confirm that [REDACTED] [REDACTED] is in a position to sponsor the lights this year and we would be delighted to do so. As you say, the pandemic has an awful lot to answer for and has affected everyone in so many different ways. However, since reopening again in May, the [REDACTED] has been pretty busy and we are certainly hoping for a successful festive period to come.

Please do send us the invoice, I seem to remember it was £300.00 last time we participated in 2019, is it the same this year?

Looking forward to seeing Marlow lit up!

Kind Regards,

[REDACTED]

Hi [REDACTED]

I do hope you are well, and that you have had a better year this year? This pandemic has had an awful lot to answer for, but hopefully things are getting better.

I just thought I would drop you a line to see if you were in a position to support our Christmas Lights

sponsorship this year? We are working on the basis that it will be a live event rather than a filmed one last year. We will also have some more on-street attractions as well for the Switch On.

I look forward to hearing from you.

Dear Jocelyn,

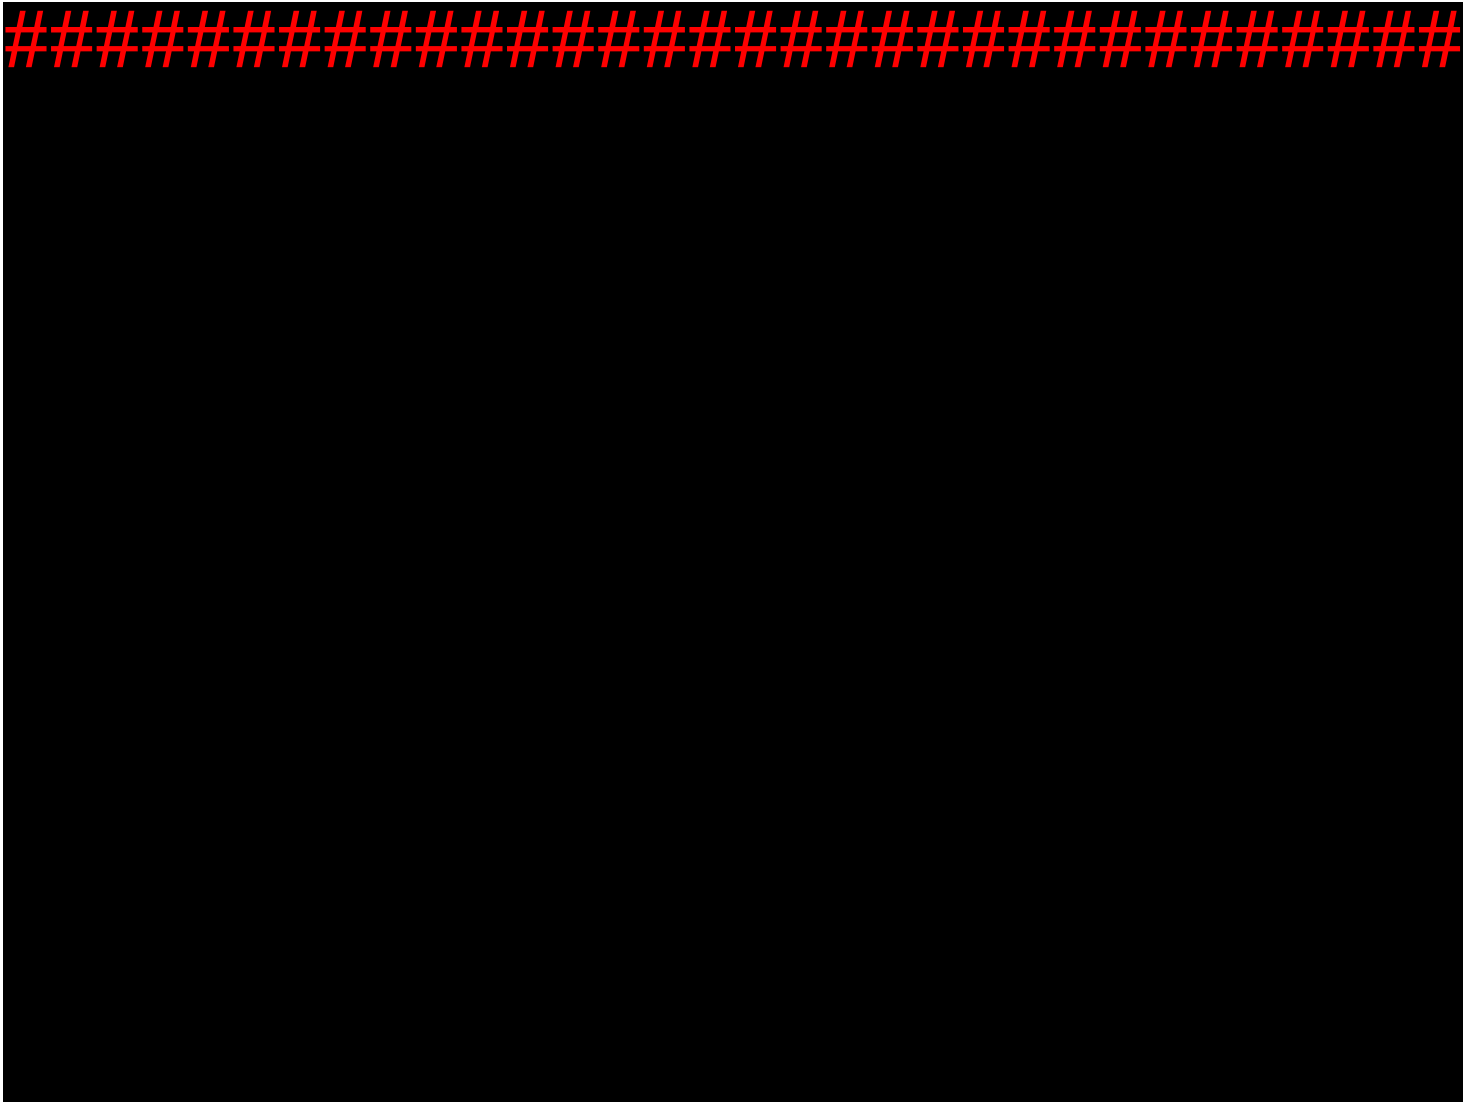

Thank you for your email. I am so sorry to say that ##### will not be in a position to sponsor the Christmas lights this year. I think such community events are important, particularly during difficult times like this. With that said, the outlook for hospitality over the coming months is bleak and as a business we truly have to conserve every penny that we can to enable us to weather the storm and retain as many of our team as we can. I am sorry that we cannot assist on this occasion and I very much hope that we will be in a position to support again next year.

Best regards,

Subject: Marlow Christmas Lights

Hi [REDACTED]

I am so pleased to hear that the [REDACTED] has re-opened. What a strange year it has been and continues to be, I am just hoping that a clever scientist somewhere comes up with a safe vaccine soon! I do hope you and yours are well?

It is that time of year again when I thank you so much for your contribution last year and hope that we might be able to count on your generosity again this year for our Christmas Lights. I know it has been a tough time for everyone, but we are determined that the lights will go up and we hope it will really cheer up the town once the bunting and hanging baskets are put away for another year.

We sadly are unable to host our usual 'Switch On' event for obvious reasons, but we will do something virtually to mark them going on, not quite sure what at the moment but we are working on it! We have new lights this year (ordered before the pandemic hit) same design, but more of them extending further into Spittal Street and West Street.

The sponsor package is the same as before but sadly without the 'thank you' drinks, unfortunately. As

you know, we rely on generous sponsors such as yourself to help us put on a lovely Christmas display, that brings so much joy to so many people and we are extremely grateful for your continued support.

Let me know what you think, and hope to see you again soon.

Many thanks

Jocelyn

Hi [REDACTED]

Thanks for that, [REDACTED] has noticed a couple of further changes that need to be made.

On the second level down, could we delete 'and generally support the Bee initiative in Marlow' at the end of the second paragraph please?

Also third level down, there should be no apostrophe after pollinators, and no capital P in the header. Also I've just noticed it's dated March 21 – it doesn't need a date.

Thanks that should be it now.

Cc: [REDACTED]

Subject: Re: Pollination policy

Jocelyn – just looked at it and have seen you've used the wording 'Bee Town'. We haven't released anything on our plans yet, so this will pre-empt what we're doing! We really want to make a big splash with it next year, so are keeping low-profile on it right now.

Is it possible to call it Pollination Policy at the top level, please, under the tab Our Vision? At the second level, could you please use the title: Supporting Pollinators, instead of Bee Town and the words: 'Wild Marlow's efforts to support the pollinators in our town' – rather than 'to adopt and support Wild Marlow's Bee Town initiative'?

I know you've worked hard to get this on to the website, but I really don't want to lose the opportunity to make the most of it when we have things to announce next year, like the Bee Festival.

Many thanks

Hi [REDACTED]

Sorry I didn't answer you immediately I just found this in my junk folder, which is odd.

I sent my suggested draft to [REDACTED] and am awaiting her comments. I have added it here, feel free to comment. It should be on the website by now, sorry it is taking so long.

Marlow Town Council agreed in the town Council meeting on the 27th July 2021 to adopt and support Wild Marlow's Bee Town initiative and are committed to a long-term pollination policy in the town. The Council will continue to create bee-friendly areas by introducing further wild flower verges in the town, and will review cutting regimes to ensure they are bee-friendly. We will work with our contractors to eliminate Glyphosate and generally support the Bee initiative in Marlow. We are very happy to share these initiatives with other local councils. Look out for our signage as we develop further wild flower areas.

Thanks

Jocelyn

Hello both

Please find attached the updated sponsor schedule as of today. All sponsors have been sent their invoices with the exception of [REDACTED] as I'm waiting for their PO.

VIP invitations will be sent out early next week. All are being asked to either collect their wristbands from the Council office or at the gate on the night.

Let me know if you need any more information,

Kind regards

[REDACTED]

Date: 29 October 2021 16:28:00

Hi [REDACTED]

Thanks for that, [REDACTED] has noticed a couple of further changes that need to be made.

On the second level down, could we delete 'and generally support the Bee initiative in Marlow' at the end of the second paragraph please?

Also third level down, there should be no apostrophe after pollinators, and no capital P in the header. Also I've just noticed it's dated March 21 – it doesn't need a date.

Thanks that should be it now.

Subject: Re: Pollination policy

Jocelyn – just looked at it and have seen you've used the wording 'Bee Town'. We haven't released anything on our plans yet, so this will pre-empt what we're doing! We really want to make a big splash with it next year, so are keeping low-profile on it right now.

Is it possible to call it Pollination Policy at the top level, please, under the tab Our Vision? At the second level, could you please use the title: Supporting Pollinators, instead of Bee Town and the words: 'Wild Marlow's efforts to support the pollinators in our town' – rather than 'to adopt and support Wild Marlow's Bee Town initiative'?

I know you've worked hard to get this on to the website, but I really don't want to lose the opportunity to make the most of it when we have things to announce next year, like the Bee Festival.

Many thanks

Hi [REDACTED]

Sorry I didn't answer you immediately I just found this in my junk folder, which is odd.

I sent my suggested draft to [REDACTED] and am awaiting her comments. I have added it here, feel free to comment. It should be on the website by now, sorry it is taking so long.

Marlow Town Council agreed in the town Council meeting on the 27th July 2021 to adopt and support Wild Marlow's Bee Town initiative and are committed to a long-term pollination policy

in the town. The Council will continue to create bee-friendly areas by introducing further wild flower verges in the town, and will review cutting regimes to ensure they are bee-friendly. We will work with our contractors to eliminate Glyphosate and generally support the Bee initiative in Marlow. We are very happy to share these initiatives with other local councils. Look out for our signage as we develop further wild flower areas.

Thanks

Jocelyn

To: Jocelyn Towns <jtowns@marlow-tc.gov.uk>
Cc: [REDACTED]
Subject: Re: Pollination policy

Hi Jocelyn

Thanks for that!

In the third level, ie. The policy itself, could you change the heading please to: 'In support of Wild Marlow's work to encourage pollinators'.

Also in point 4 of the policy (same level), please change: ...'the strategic aims of Sustainability Marlow and Marlow Bee Town (Wild Marlow)' to ...'Sustainability Marlow and Wild Marlow.'

We can change it when we've launched the campaign properly, probably spring next year.

Many thanks again,

[REDACTED]

Subject: Re: Pollination policy

Jocelyn – just looked at it and have seen you’ve used the wording ‘Bee Town’. We haven’t released anything on our plans yet, so this will pre-empt what we’re doing! We really want to make a big splash with it next year, so are keeping low-profile on it right now.

Is it possible to call it Pollination Policy at the top level, please, under the tab Our Vision? At the second level, could you please use the title: Supporting Pollinators, instead of Bee Town and the words: ‘Wild Marlow’s efforts to support the pollinators in our town’ – rather than ‘to adopt and support Wild Marlow’s Bee Town initiative’?

I know you’ve worked hard to get this on to the website, but I really don’t want to lose the opportunity to make the most of it when we have things to announce next year, like the Bee Festival.

Many thanks

Hi [REDACTED]

Sorry I didn't answer you immediately I just found this in my junk folder, which is odd.

I sent my suggested draft to [REDACTED] and am awaiting her comments. I have added it here, feel free to comment. It should be on the website by now, sorry it is taking so long.

Marlow Town Council agreed in the town Council meeting on the 27th July 2021 to adopt and support Wild Marlow's Bee Town initiative and are committed to a long-term pollination policy in the town. The Council will continue to create bee-friendly areas by introducing further wild flower verges in the town, and will review cutting regimes to ensure they are bee-friendly. We will work with our contractors to eliminate Glyphosate and generally support the Bee initiative in Marlow. We are very happy to share these initiatives with other local councils. Look out for our signage as we develop further wild flower areas.

Thanks

Jocelyn

Hi Jocelyn

Unless I'm mistaken the pollination policy doesn't seem to be up on the website yet – assuming it will be in the logical place, under Our Vision, Environment, along with the other links.

Is there a problem with it?

Jocelyn – just looked at it and have seen you've used the wording 'Bee Town'. We haven't released anything on our plans yet, so this will pre-empt what we're doing! We really want to make a big splash with it next year, so are keeping low-profile on it right now.

Is it possible to call it Pollination Policy at the top level, please, under the tab Our Vision? At the second level, could you please use the title: Supporting Pollinators, instead of Bee Town and the words: 'Wild Marlow's efforts to support the pollinators in our town' – rather than 'to adopt and support Wild Marlow's Bee Town initiative'?

I know you've worked hard to get this on to the website, but I really don't want to lose the opportunity to make the most of it when we have things to announce next year, like the Bee Festival.

Many thanks

Dear [REDACTED]

Thanks for your note I have read the paragraph below and note your comments.

E.7 Details of the arrangements for the parking of vehicles by site operatives and visitors The contractor shall encourage sub-contractors to use public transport to travel to site wherever possible. The contractor shall also inform potential subcontractors that parking is very restricted in the local area and surrounding residential areas and streets are not to be used. The contractor will monitor parking, especially on neighbouring roads, to ensure off-site parking is dealt with considerately.

We do not have authority to oversee how sub-contractors exercise control on site and satisfying conditions is not for our approval, we are a consultee only at planning ,please appreciate that is up to county planning to control and enforce the build process and it is down to them to ensure compliance .To prejudge if public transport is suitable or not and if they should make arrangements as you suggest would be prescriptive whatever our individual opinions .

I note that highways have also already approved the construction traffic management plan ,can I suggest if you feel it is necessary for them to enact the arrangements you suggest and you are still opposed to make your comments known on the public portal.

Kind regards

Chris Funnell

Dear Chris,

Please read Para E.7 on page 10 of the attached plan.

It is insulting nonsense. Chippies and bricklayers on the early morning buses?

With a 0700h start all the spaces within half a mile of the site will be taken by the sub-contractors before the normal commuter influx arrives. To be displaced where? And the verges?

There is only one logical solution. The developer must lease part of the Liston Road car park and provide free parking for all the workforce.

Please share with your fellow town councillors.

Sincerely,

[REDACTED]

Hi [REDACTED]

Sorry I didn't answer you immediately I just found this in my junk folder, which is odd.

I sent my suggested draft to [REDACTED] and am awaiting her comments. I have added it here, feel free to comment. It should be on the website by now, sorry it is taking so long.

Marlow Town Council agreed in the town Council meeting on the 27th July 2021 to adopt and support Wild Marlow's Bee Town initiative and are committed to a long-term pollination policy in the town. The Council will continue to create bee-friendly areas by introducing further wild flower verges in the town, and will review cutting regimes to ensure they are bee-friendly. We will work with our contractors to eliminate Glyphosate and generally support the Bee initiative in Marlow. We are very happy to share these initiatives with other local councils. Look out for our signage as we develop further wild flower areas.

Thanks

Jocelyn

Hi Jocelyn

Unless I'm mistaken the pollination policy doesn't seem to be up on the website yet – assuming it will be in the logical place, under Our Vision, Environment, along with the other links.

Is there a problem with it?

Hi [REDACTED]

Could you please make the changes as suggested by [REDACTED] please, so that we don't give away the Bee Town initiative as they want to put a PR campaign behind it, thanks.

Jocelyn – just looked at it and have seen you've used the wording 'Bee Town'. We haven't released anything on our plans yet, so this will pre-empt what we're doing! We really want to make a big splash with it next year, so are keeping low-profile on it right now.

Is it possible to call it Pollination Policy at the top level, please, under the tab Our Vision? At the second level, could you please use the title: Supporting Pollinators, instead of Bee Town and the words: 'Wild Marlow's efforts to support the pollinators in our town' – rather than 'to adopt and support Wild Marlow's Bee Town initiative'?

I know you've worked hard to get this on to the website, but I really don't want to lose the opportunity to make the most of it when we have things to announce next year, like the Bee Festival.

Many thanks

Dear Chris,

Please read Para E.7 on page 10 of the attached plan.

It is insulting nonsense. Chippies and bricklayers on the early morning buses?

With a 0700h start all the spaces within half a mile of the site will be taken by the sub-contractors before the normal commuter influx arrives. To be displaced where? And the verges?

There is only one logical solution. The developer must lease part of the Liston Road car park and provide free parking for all the workforce.

Please share with your fellow town councillors.

Sincerely,

[REDACTED]

To: [REDACTED]

Cc: [REDACTED]

Subject: A bandstand in Higginson Park

Dear [REDACTED]

Your email of 27 February has been forwarded to me and I note your interesting suggestion about the possible provision of a bandstand in Higginson Park. I do know from my time as a councillor with Marlow Town Council that this suggestion has been put forward a number of times over recent years and it has not moved forward for a number of reasons.

The ownership of the land is with a trust the trustee of which is Buckinghamshire Council (previously Wycombe District Council). Therefore the trust would have to give its approval to any building erected in the park. As the park is utilised for a number of major events during the year using the whole of the park, careful consideration would have to be given to the location of a bandstand. I suspect it would also need planning permission.

Enquiries would have to be made as to the cost of a bandstand and its surrounding landscaping and I suspect that there would have to be public fundraising for the project as it is not currently included in any medium term capital plans of Buckinghamshire Council; and it would probably be outside of the resources available from the town council. In addition, there would be ongoing revenue costs of security and future repairs.

That said, the proposal is worthy of further thought. Both Buckinghamshire Council and Marlow Town Council are just about to enter an election period and new council terms will begin in May. I suggest that I ask the Marlow [REDACTED] to note your suggestion and bring it back to the new town council to see if it can be taken forward. As I say, the Town Council will first have to have the first conversation with Buckinghamshire Council as the trustees.

I or my successor as Mayor will come back to you after the elections in May.

Thank you for contacting me.

Kind regards

Richard Scott

Dear Richard -

Thank you for this.

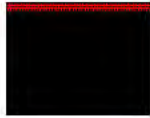

Clearly the erection of a bandstand is not an instant fix. I had imagined that Higginson Park was owned in some kind

of charitable trust but I didn't know that the Trustee was Buckinghamshire County Council. In stages therefore it would seem is the following necessary conditions

- (a) Bucks CC thinks this is a good idea and gets behind it.
- (b) Funding is available for the planning designing & construction. That's where I come in - I am content to finance these elements myself or be a guarantor for the financing following a public appeal. That latter may garner wider support. I don't need recognition but I would want a strong voice in the design (and I am thinking very traditional "Victorian or Classical Style").
- (c) Planning permission would have to be obtained.
- (d) There would have to be 'buy-in' from not only a local brass band to ensure regular weekend use but musical and other entertainers to make sure it is vibrant and fully utilised.
- (e) A local public or charitable entity (not me) would have to commit to maintaining the structure out into the future. I could probably fund a modest pot to help defray expenses like this early on but to survive through time someone has to 'love' it.

I'm happy for you to bring this up in any forum you think is appropriate.

Kind regards

Subject: A bandstand in Higginson Park

Dear

Your email of 27 February has been forwarded to me and I note your interesting suggestion about the possible provision of a bandstand in Higginson Park. I do know from my time as a councillor with Marlow Town Council that this suggestion has been put forward a number of times over recent years and it has not moved forward for a number of reasons.

The ownership of the land is with a trust, the trustee of which is Buckinghamshire Council (previously Wycombe District Council). Therefore the trust would have to give its approval to any building erected in the park. As the park is utilised for a number of major events during the year using the whole of the park, careful consideration would have to be given to the location of a bandstand. I suspect it would also need planning permission.

Enquiries would have to be made as to the cost of a bandstand and its surrounding landscaping and I suspect that there would have to be public fundraising for the project as it is not currently included in any medium term capital plans of Buckinghamshire Council; and it would probably be outside of the resources available from the town council. In addition there would be ongoing revenue costs of security and future repairs.

That said the proposal is worthy of further thought. Both Buckinghamshire Council and Marlow Town Council are just about to enter an election period and new council terms will begin in May. I suggest that I ask the Marlow Council to note your suggestion and bring it back to the new town council to see if it can be taken forward. As I say the Town Council will first have to have the first conversation with Buckinghamshire Council as the trustees.

I or my successor as Mayor will come back to you after the elections in May.

Thank you for contacting me.

Kind regards

Richard Scott

Subject: Marlow Studio Project - Stage 2 Opening Event - Reminder - 29.10.21

Dear All,

We look forward to seeing you for the opening launch of the second stage of public consultation regarding proposals for the Marlow Studio Project, **tomorrow evening, 29 October 2021.**

The team will be on hand at **Unit 6, Liston Court, Marlow, SL7 1ER**, between **18:00pm – 19.30pm**. The opening will be an opportunity to talk through the latest design proposals and understand the ambitions of the Marlow Studio Project to provide ecological, educational, economic and social benefits to Marlow and the wider area.

Please RSVP if you have not already at consultation@marlow.film

If you are unable to make tomorrow's reception, there will be many more opportunities to discuss and voice your thoughts over the next two weeks.

We look forward to seeing and speaking to you.

Many Thanks,

#####

Subject: FW: Planning

Dear members,

The Planning Enforcement have now updated the planning website to continue our 'bringing together' of the legacy enforcement teams.

One very recent step taken is to amalgamate our webpages. This has now been undertaken and there is now a single web link for reporting alleged breaches of planning control.

You can find this link at:

[https://www.buckinghamshire.gov.uk/planning-and-building-control/having-a-say-and-reporting-\[REDACTED\]report-a-planning-breach/](https://www.buckinghamshire.gov.uk/planning-and-building-control/having-a-say-and-reporting-[REDACTED]report-a-planning-breach/)

Our advice remains that this is the best and most efficient way to report an alleged breach of planning control. The forms submitted here are sent directly to the team inbox which is

monitored through the day. Please refrain from sending a reporting form and then follow up with an email to other officers etc. This is only a duplication of work for us at this end.

Kind regards,

It was good to meet you the other week.

I am enclosing a first draft of a Scheme of Delegation for you to consider. This allows Committees to spend money that is within budget without going back to full Council. Such delegations are becoming increasingly common particularly with those Councils where the full Council meets bi-monthly.

You also asked me to have a look at the tasks need to support the activities of each Committee. I have produced a list for the Resources Committee. This specifies whether the area of work is a legal requirement, whether in-house skills are available and whether the work could be outsourced. If this is the sort of thing you are looking for, I can prepare similar lists for the other committees.

Best wishes

Subject: Re: A bandstand in Higginson Park

Many thanks for your email [REDACTED]

I have a meeting in Beaconsfield on the morning of 21st October which should finish around 11.45 am. Happy to come down to Windsor following that meeting if that would help. Perhaps [REDACTED] could set something up?

Kind regards

Richard

Thanks Richard -

I have known [REDACTED] [REDACTED] for more than 40 years - he's a very nice man and a good friend.

I think getting together is a good idea. I can't do the evening of 20th October but I could do late morning/early lunch on the 21st (I have got a meeting in Windsor at 2pm). What might suit you? I have copied my PA [REDACTED] who is expert at finding dates/times for meetings and I can perhaps leave it to her to finalise?

Kind regards

Morning [REDACTED]

I bumped into a friend of yours last evening [REDACTED] [REDACTED] who I understand also has an interest in music.

We have our Councillors meeting agreed for 2 November. Would you like to meet before then to explore your proposal in a bit more detail so that I could present a better informed item to our Group. I shall be abroad until 19 October but how would early evening of 20th or lunchtime 21st October suit you?

Kind regards

Richard

Dear Richard -

Thank you for this.

Clearly the erection of a bandstand is not an instant fix. I had imagined that Higginson Park was owned in some kind of charitable trust but I didn't know that the Trustee was Buckinghamshire County Council. In stages therefore it would seem is the following necessary conditions

- (a) Bucks CC thinks this is a good idea and gets behind it
- (b) Funding is available for the planning, designing & construction. That's where I come in - I am content to finance these elements myself or be a guarantor for the financing following a public appeal. That latter may garner wider support. I don't need recognition but I would want a strong voice in the design (and I am thinking very traditional "Victorian or Classical Style").
- (c) Planning permission would have to be obtained.
- (d) There would have to be 'buy-in' from not only a local brass band to ensure regular weekend use but musical and other entertainers to make sure it is vibrant and fully utilised.
- (e) A local public or charitable entity (not me) would have to commit to maintaining the structure out into the future. I could probably fund a modest pot to help defray expenses like this early on but to survive through time someone has to 'love' it.

I'm happy for you to bring this up in any forum you think is appropriate.

Kind regards

#####

Subject: A bandstand in Higginson Park

Dear [REDACTED]

Your email of 27 February has been forwarded to me and I note your interesting suggestion about the possible provision of a bandstand in Higginson Park. I do know from my time as a councillor with Marlow Town Council that this suggestion has been put forward a number of times over recent years and it has not moved forward for a number of reasons.

The ownership of the land is with a trust the trustee of which is Buckinghamshire Council (previously Wycombe District Council). Therefore the trust would have to give its approval to any building erected in the park. As the park is utilised for a number of major events during the year using the whole of the park careful consideration would have to be given to the location of a bandstand. I suspect it would also need planning permission.

Enquiries would have to be made as to the cost of a bandstand and its surrounding landscaping and I suspect that there would have to be public fundraising for the project as it is not currently included in any medium term capital plans of Buckinghamshire Council; and it would probably be outside of the resources available from the town council. In addition there would be ongoing revenue costs of security and future repairs.

That said the proposal is worthy of further thought. Both Buckinghamshire Council and Marlow Town Council are just about to enter an election period and new council terms will begin in May. I suggest that I ask the Marlow [REDACTED] to note the your suggestion and bring it back to the new town council to see if it can be taken forward. As I say the Town Council will first have to have the first conversation with Buckinghamshire Council as the trustees.

I or my successor as Mayor will come back to you after the elections in May.

Thank you for contacting me.

Kind regards

Richard Scott

Subject: MARLOW STAFF REVIEW

It was good to meet you the other week.

I am enclosing a first draft of a Scheme of Delegation for you to consider. This allows Committees to spend money that is within budget without going back to full Council. Such delegations are becoming increasingly common particularly with those Councils where the full Council meets bi-monthly.

You also asked me to have a look at the tasks need to support the activities of each Committee. I have produced a list for the Resources Committee. This specifies whether the area of work is a legal requirement, whether in-house skills are available and whether the work could be outsourced. If this is the sort of thing you are looking for, I can prepare similar lists for the other committees.

Best wishes

Hi [REDACTED]

Sorry I didn't answer you immediately I just found this in my junk folder, which is odd.

I sent my suggested draft to [REDACTED] and am awaiting her comments. I have added it here, feel free to comment. It should be on the website by now, sorry it is taking so long.

Marlow Town Council agreed in the town Council meeting on the 27th July 2021 to adopt and support Wild Marlow's Bee Town initiative and are committed to a long-term pollination policy in the town. The Council will continue to create bee-friendly areas by introducing further wild flower verges in the town, and will review cutting regimes to ensure they are bee-friendly. We will work with our contractors to eliminate Glyphosate and generally support the Bee initiative in Marlow. We are very happy to share these initiatives with other local councils. Look out for our signage as we develop further wild flower areas.

Thanks

Jocelyn

Subject: Re: Implementing the Challenge, Forum and survey

I'm sorry but I have no idea how to comment the document on this link – there isn't any necessary context given:

- where it is going to be visible to the public
- when is it supposed to go live
- when do you need our responses by?
- what part or parts of it will be posted to the public that we need to react to regarding copy?
- why is this being posted now?
- what is it that we are trying to achieve beyond awareness?

Until I have more info I can't help with tweaking copy to be more emotionally engaging with residents.

Cheers,
Colleen

Subject: RE: Implementing the Challenge, Forum and survey

My suggestions would be similar to Chris's we state an opportunity most of which are already at the back of residents minds
but we don't educate to define the opportunity or where to go if we have a resource in Marlow or they need further information or define the impact and difference it can make to them or environment

Random Examples

"When marlovians change a little together they will change a lot for our town and themselves "

- every walk into town of a mile and back says the average typical car user X reduces Co2b by Y and if all our residents did this "Z" many times a year
- solar saves this per average household MEG can direct you to examples
- trees and planting ...planting a tree does this for marlow
- using a bike for a 2 mile trip saves this ...burns so many calories saves this in co2 versus a car etc etc

Creatives amongst us a great opportunity for your skills

Subject: Re: Implementing the Challenge, Forum and survey

Are we able to insert local resources and links for each element of the challenge - this both educates the reader, but also demonstrates that there is work in progress for each element

Examples would be released Marlow for more nature, transition town for the solar, and so on

Subject: Trinity Road Quietway

Hi [REDACTED]

Just to let you know, the decision was confirmed today that Trinity Road Quietway would now go to public consultation with a view to supporting this as a permanent arrangement

The letters are being distributed to the same area as previous outlining next steps for the consultation process

With regards to funding, it was discussed at the EATF meeting about the costs involved and noted that perhaps MTC would give some consideration to supporting this financially along with the Community Board

Is this a conversation we could look to having between MTC and the Community Board?

I would welcome your thoughts on this

Kind Regards

Hi [REDACTED]

Just to let you know, the decision was confirmed today that Trinity Road Quietway would now go to public consultation with a view to supporting this as a permanent arrangement.

The letters are being distributed to the same area as previous outlining next steps for the consultation process.

With regards to funding, it was discussed at the EATF meeting about the costs involved and noted that perhaps MTC would give some consideration to supporting this financially along with the Community Board.

Is this a conversation we could look to having between MTC and the Community Board?

I would welcome your thoughts on this.

Kind Regards

[REDACTED]

I thank you

Hi [REDACTED]

Ultimately, as spoken about during the EATF meeting, the Community Board would like to support this project through to public consultation and beyond and happy to fund.

It was muted during the meeting that perhaps it would be appropriate for some contributory funding from Marlow Town Council although of course this has to be discussed by your Councillors.

There wouldn't be an expected amount, just an opportunity for a collaboration between MTC and SWCCB on a local project making a difference to the community.

Subject: Marlow Lights Application form

Hi 

I have your application form relating to the Christmas lights in Marlow and I wanted to check that you are still looking for the funding applied for?

Reason I ask, have seen the recent promotion of the event with all the sponsors including of course welcome back fund so wasn't sure if you now had it covered?

If it is still relevant, no problem at all, but, could you give me a full breakdown of all the contributory funding associated with the application please? I can add all of this to the recommendation report that I have to complete for the funding panel which is next week.

Thanks  I am off tomorrow but back in on Monday morning.

Hi [REDACTED]

Cllr Scott is still very keen for this application to be [REDACTED]. Whilst we have been successful in securing some sponsors the lights are hugely expensive and the money offered is never enough. I have copied in [REDACTED] who looks after the project. [REDACTED] please would you be so kind as to provide [REDACTED] with the figures achieved.

Very best wishes

[REDACTED]

Subject: Marlow Lights Application form

Hi [REDACTED]

I have your application form relating to the Christmas lights in Marlow and I wanted to check that you are still looking for the funding applied for?

Reason I ask, have seen the recent promotion of the event with all the sponsors including of course welcome back fund so wasn't sure if you now had it covered?

If it is still relevant, no problem at all, but, could you give me a full breakdown of all the contributory funding associated with the application please? I can add all of this to the recommendation report that I have to complete for the funding panel which is next week.

Thanks [REDACTED]. I am off tomorrow but back in on Monday morning.

Kind Regards

[REDACTED]

Subject: FW: Planning

Dear members,

The Planning Enforcement have now updated the planning website to continue our 'bringing together' of the legacy enforcement teams.

One very recent step taken is to amalgamate our webpages. This has now been undertaken and there is now a single web link for reporting alleged breaches of planning control.

You can find this link at:

[https://www.buckinghamshire.gov.uk/planning-and-building-control/having-a-say-and-reporting-\[REDACTED\]report-a-planning-breach/](https://www.buckinghamshire.gov.uk/planning-and-building-control/having-a-say-and-reporting-[REDACTED]report-a-planning-breach/)

Our advice remains that this is the best and most efficient way to report an alleged breach of planning control. The forms submitted here are sent directly to the team inbox which is monitored through the day. Please refrain from sending a reporting form and then follow up with an email to other officers etc. This is only a duplication of work for us at this end.

Kind regards,

[REDACTED]
