DECISION  
INFORMATION

## M.123.24

### Expansion of Marlow Football Club Wall Mural project

The project is already underway and was approved by The Environment and Wellbeing Committee in collaboration with Marlow Football Club. (Minute Ref: EW47.24) The purpose of the project is to create an upbeat, vibrant and positive display of local school children's artwork and positive messages to bring a smile to everyone walking by.

The cement wall running alongside MFC and on one side of the path between Oak Tree Road and Trinity Court will be transformed into The Path of Positivity. Phase 1 Wall prep, priming and painting has already begun on the first 13 panels.

We are requesting funds to cover the additional paint and professional wall clearing for the remaining 60 panels so that the entire length of the wall will be able to be cleaned, primed and painted and the project will be able to be completed.

Filming/Recording/Photographing at Meetings – please note that this may take place during the public part of the meeting. Notices are displayed in the meeting room.

Funds Required:

Additional paint for project completion £2,896-50

Professional clearance, removal and disposal of wall vines, overhanging and ground vegetation needed for project completion £4,680-00

Contingency for additional paint or supplies (only used in case of emergency) £623-50

The total amount of additional funds required is £8,200-00

**Recommended:**

That members agree to the expansion of the project and approve the additional spend of £8,200-00.
